## Product Information

Berkshire's Critical Environment (CE) Masks are designed to minimise human contamination while being comfortable to wear for long periods. The very high filtration level comes from an improved filtration media. CE masks are made with a specialised outer layer to further reduce particle contamination.

### Advantages

- Minimises human and particle contamination
- Contains no chemicals, surfactants, binders or fiberglass
- Easy to breathe
- Recommended for use in Class 10 & 100 Cleanrooms

Item	Outer facing	Filter Media	Inner Facing	Material Loop	Design	Nose Piece	Mask Size
CE-3PEL	Polymeric Net	Meltblown Polypropylene	Thermalbond Polypropylene	Polyurethane Earloop		PVC Coated Wire	180mm x 90mm
CE-3PEL.W	Polymeric Net	Meltblown Polypropylene	Thermalbond Polypropylene	Polyurethane Earloop		PVC Coated Wire	210mm x 90mm
CE-3PHL	Polymeric Net	Meltblown Polypropylene	Thermalbond Polypropylene	Polyurethane Headloop		PVC Coated Wire	180mm x 90mm
CE-3PHL.W	Polymeric Net	Meltblown Polypropylene	Thermalbond Polypropylene	Polyurethane Headloop		PVC Coated Wire	210mm x 90mm
CE-3P4T	Polymeric Net	Meltblown Polypropylene	Thermalbond Polypropylene	Polypropylene 4 Ties		PVC Coated Wire	180mm x 90mm
CE-3P4T.W	Polymeric Net	Meltblown Polypropylene	Thermalbond Polypropylene	Polypropylene 4 Ties		PVC Coated Wire	210mm x 90mm
