## **Newform™** **Medical Grade Bag**

### **Ultrapure Medical Grade Polyethylene Packaging**

Any step of the manufacturing process can introduce contamination which can affect the purity of the product. An ultraclean way to package medical devices, pharmaceutical ingredients and other devices for sterilization is the Newform Medical Grade Bag. These bags are composed of a pure, pinhole-free, medical grade polyethylene film produced by ATMI Packaging.

The Gamma Sterilization Bag is the ideal packaging solution for sterilization by gamma irradiation (25 KGy) and by request can be delivered sterile (gamma-irradiated) prior to shipment.

### **Applications**

- » Intravenous solutions
- » Filters
- » Active pharmaceutical ingredients
- » Medical components
- » Sensitive medical devices

### **Benefits**

- » DMF-file registered with FDA
- » Conforms to European and US-Pharmacopoeia
- » Free of ionic and organic contaminations
- » PE film is free of black points and gel
- » No outgassing
- » Certificate of sterilization delivered with every shipment
- » Higher performance over paper and non-clean Tyvek® which can lead to particle and molecular contamination
- » Gamma sterilizable

### **Features**

- » Cleanliness levels for interior and exterior of bags available from level 50 visible clean (according to IEST-STD-CC1246D)
- » Sterilizable by gamma-irradiation (25 kGray)
- » Pinhole-free medical grade PE film extruded in a controlled environment. Bag is produced in a ISO Class 5 environment
- » Multi-layered, puncture resistant PE

### **Ordering Information**

#### **Newform™ Medical Grade Bag**

Part Number	Bag Size - inches (LxW)	Bag Size - mm (WxL)
UPIF10-0000-0001	7.9" x 5.9"	150 mm x 200 mm
UPIF10-0000-0002	11.8" x 7.9"	200 mm x 300 mm
UPIF10-0000-0003	17.7" x 11.8"	300 mm x 450 mm
UPIF10-0000-0004	23.6" x 17.7"	450 mm x 600 mm
UPIF10-0000-0005	31.5" x 23.6"	600 mm x 800 mm

### **Notes**

- All bags are double packed per 100 pieces and delivered with a certificate of conformity.
- Standard thickness: 100µ. Other thickness available upon request.
- Can be delivered sterile (gamma irradiated) upon request and delivered with a Certificate of Sterilization.
